EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

These Regulations provide for the 2018 amendments to the Maritime Labour Convention 2006. In particular, they make it clear that a seafarer's work agreement continues in force where the seafarer has been taken captive during acts of piracy or armed robbery. The Regulations further provide that the seafarers' wages will continue to be paid in such circumstances.
